

# Joe Ball

Centro Studi Poltronova  
2020

For the fiftieth anniversary of Joe, was released Joe Ball, a leather footrest and pouf, whose shape and stitches are those of the classic baseball. A natural completion to the armchair, the pouf has a weight inside which also makes it steady as a seat, preventing it from rolling. Joe Ball's leather bears stamped the characteristic marks of Centro Studi Poltronova, of the fiftieth anniversary and of Joe.
