

# VISU SLEDBASE CHAIR

## FURNITURE / LIGHTING / ACCESSORIES

# PRODUCT FACT SHEET

**MIKA TOLVANEN ON THE DESIGN** "The task was to create a personal interpretation of the ever-relevant plywood chair. I wanted my chair to have an unobtrusive and timeless nature that is familiar but never boring and without sacrificing function or ergonomics. Designing a family of chairs, visually related but for different functions, was an interactive and thorough process lasting nearly two years. In the end, I think every detail is exactly as it is supposed to be."

### PROCESS

Shell is formpressed from wood veneer, then lacquered. If specified, then padded with fire-resitant foam and fully upholstered with textile. Steel sled base is CNC-bent and powder-coated (colored versions) or in brushed steel finish. Upholstered versions with textiles from Kvadrat.
