# CPH 30 TABLE DESIGN BY RONAN & ERWAN BOUROULLEC

Part of the Copenhagen range designed by Ronan and Erwan Bouroullec, the CPH30 shares the same characteristic angled legs and strong identity that are consistent with the rest of the series, while this variant has a rectangular tabletop. It is available in different sizes, with tabletops and frames in a variety of wood types and materials, offering the possibility to select matching or contrasting combinations. The CPH30's versatility and uncluttered design make it ideal for using as a desk, conference table, or dining table in an office context or a private setting.
