

Track

design David Lopez Quincoces

Bench with supporting steel frame and base in aluminum with black epoxy powder coating. Seat cushion with differentiated density polyurethane foam, mounted on chassis sprung with coated rubber elastic straps. Covering in 100% polyether thermally bonded onto a polyamide velveteen backing. Quilted fabric or leather upholstery, the fabric version only is fully removable by Velcro fastening after unscrewing the chassis from the supporting frame. Seat depth 55-80cm.
