4.2kg net, 5.5kg gross

## WALL PLATE

Brushed brass wallplate -  $230 \text{ H} \times 60 \text{ W}$ Brushed brass 4in J-box plate available

## **DESIGN NOTES**

Colt's style was first developed on the table lamp – the table lamp often comes first in the design process – but it translates easily to other applications. Two colt wall lights either side of a bed is the epitome of modernity. Minimalism meets innovation."
