Zo Family is a collection designed by [Zaven](#).

Chipò is part of the Zo collection and was inspired by traditional African masks. The Zo is the person who carries the mask, a master that creates a connection and a bond with the spirit within it. All the elements and the colors typical of these artifacts are represented in a stylized and geometric way, becoming a symbolic representation.

Zaven works in industrial, graphics and installation design, researching and collaborating with other creatives and companies to create and produce ideas, objects and interiors.
