

FRITZ HANSEN

SELANDIA
PRODUCT FACT SHEET

SELANDIA

The Selandia series is known for its signature slight curves and elegant Nordic look with subtle French references that hint at long summer nights in the open air. The series is the essence of practicality meets beauty as it offers both foldable chairs and tables as well as other elegant and functional details.

TEST

Chair/Armchair: EN 581-1:2017, EN 581-2:2015
Table 147/Table Ø94: EN 581-1:2017, EN 581-3:2017
Table 75: EN 581-1:2017

SPECIFICATIONS

Wood: New wooden, teak furniture has natural colour differences found in the freshly cut wood. Once the furniture has been exposed to the sun, these colour differences will even out. As a natural part of the aging process, the surface of teak will change when first being exposed to rain; this is the first stage of a process of wood that ages with beauty.

CUSHIONS

DESCRIPTION

Selandia cushions are custommade to fit the Selandia collection with strings to keep the weatherproof cushion in place. Exceptionally quick drying thanks to an open-cell structure foam that allows water and air to pass through, the cushion retains a firm and comfortable feel year after year. The upholstery is Oeko-Tex® certified and extremely colourfast as well as water and dirt-repellent and mildew-resistant.

*For details specific to UK/IE go to p. 8.

SPECIFICATIONS*

The quickdry outdoor foam provides a firm and comfortable seat that retains its shape year after year. The open-cell structure allows both water and air to pass through ensuring the cushion dries exceptionally quickly, even after a heavy downpour. To ensure cushions remain beautiful over time, it is good practice to avoid them being left wet for prolonged periods, e.g., by turning them upright to let water run off or storing them in a dry environment.

WEIGHT

Armchair Cushion: 0,4 kg / 0.8 lb
Chair Cushion: 0,3 kg / 0.6 lb

COUNTRY OF ORIGIN

Produced in: Poland

IMPORTANT NOTE!

Under current UK law, Fritz Hansen is not able to provide outdoor cushions and pillows with the same filling as the regular collection. We still offer cushions and pillows in an outdoor textile with weatherproof properties, but the filling is not weatherproof due to stringent (indoor) fire regulations. We therefore recommend that you bring cushions and pillows indoors in heavy rain and when they are not in use.

The FR cold foam provides a firm and comfortable seat that retains its shape year after year. The FR cold foam is not weather resistant, and therefore it is recommended to store the cushions indoor when not in use and during heavy downpour. To ensure cushions remain beautiful over time, it is good practice to avoid them being left wet for prolonged periods, e.g., by turning them upright to let water run off or storing them in a dry environment.
