## Protective Lip Balm SPF30

### What it is

Containing UV filters, Protective Lip Balm provides a transparent barrier to shield the fragile skin of the lips from harmful UVA and UVB rays and further environmental damage. To hydrate, soften and prevent moisture loss, it utilises richly emollient botanical extracts of Castor Seed and Jojoba, blended with waxes of Candelilla and Carnauba to achieve a smooth, sumptuous texture.

The formulation is free of silicone, paraffin, beeswax and other animal-derived ingredients.

**Castor Seed Oil** – Hydrates and prevent moisture loss.

**Zinc Oxide (Nano)** – Physical UV blocker, protects skin from UVA and UVB

**Tocopherol** – Vitamin E. Anti-oxidant
