

MARSELIS

DESIGN BY KASCHKASCH

Marselis is a family of table and floor lamps, based around a circular disc of light that can swivel and tilt in a number of directions, creating both an indirect ambient and direct task light source. The lamp is made from die cast aluminium and steel, powder coated in a number of a matt colours. The light source is an injection moulded polycarbonate lens which conceals a flat panel of light, creating a balanced and even diffusion of light.

PRODUCT DETAILS

- / Part of a advanced lighting collection.
- / A family of refined table and floor lamps.
- / CE approved.
- / Integrated LED module included with an estimated life span of 25.000 hours of use.
