FOSCARINI

A simple curved band in blown glass, illustrating the profile of a soft volume that contains the light source. This is Tutù: a wall lamp where the diffuser and mount are held together by a pin, a structure recalling a ballerina's chignon. Its shape is asymmetrical with two parallel sides of different lengths. This makes the lamp even more versatile – it can be mounted with the longest side facing upwards or downwards. Tutù lets out a defined band of light upwards and downwards, and projects a warm light into the surrounding area through its diffuser.

FOSCARINI

Description

Wall lamp with indirect and diffused light. Handblown cased glass diffuser achieved using glass blowing procedure without turning the glass in the mould (referred to as "stationary"), white on the inside and colored on the outside, glossy finish. Wall mounting plate and mount, housing the lighting technology part, made of aluminium color epoxy powder coated die cast zamak. Brushed aluminium decorative glass support rods. The glass can be adjusted in two positions.

Materials blown glass, varnished metal and alluminium

Colors white, ivory

Model

Tutù

Weight

net kg: 0,80
gross kg: 1,80

Packaging

vol. m3: 0,165
n. boxes: 2

Bulbs

Halogen 2x46W E14

LED Retrofit/FLUO 2x12W E14

Certifications

Energy Class

A⁺ A B C

Brightness light

semi-diffused and indirect light
